

Message from the Principal (2018-19)

Crystal year celebration is a joyous occasion. This celebration is a time of “reminiscing the past, reflecting the present and reckoning the future”. The theme for the celebration was "Odd to Success" I thank God for the 15 years of journey of forming and moulding of young minds. I gratefully remember the pioneers who toiled tirelessly to lay a strong foundation for the quality education.

Today we have a reason to rejoice. Spread in this lush green pollution free campus, we launched ourselves in June 2003 with 24 students. I am proud to say that the school has escalated to great heights of success. We have made an impact with our untiring efforts. During the last 15 years we have crossed many measurable milestones. So far three batches of students have passed out. The result for all three batches were hundred percent.

What was achieved in the past is more than history; it is a call for our commitment to carry the torch and continue the race. This remarkable success of the school has been possible with its committed band of teachers. The infrastructure and facilities too have been greatly improved to provide an atmosphere conducive to learning. We recall with gratitude the efforts of all concerned, specially the principals, who over the past years have spared no pains in making the school what it is today.

May the students who pass out of this Institution realise their responsibility of building a better world where all can live together in peace and harmony among themselves and with the environment. I am sure the school will grow from strength to strength in the coming years in its journey of reaching the next stage, the silver Jubilee.

We thank God for the many blessings bestowed on us, through the magnanimity of many well wishers and parents.

Sr. Jancy

Principal
