

ST. RAPHAEL CO-ED SCHOOL, **BHOPAL**

Annual Report 2022-23

Success is the sweet result of hard work combined with the desire to excel and unfailing dedication.

The school year 2022-23 was marked with joyful learning, celebrations, competitions and achievements. Every day was a combination of consistent and sincere efforts by all stakeholders to ensure a productive and enjoyable learning experience for our students.

"Learning is not attained by chance, it must be sought for with ardour and attended to with diligence". Since its inception in 2003, for 19 glorious years we have been providing quality education by helping our students in discovering, developing and inculcating a comprehensive and holistic education which caters to their physical, emotional, social and cognitive development.

Faculty and Staff:

The faculty and staff are our most valuable asset and key to our success. The school has an enthusiastic and dedicated team of teachers in the Senior Secondary, Secondary, Primary and Kindergarten sections in addition to non-teaching and support staff. It's their passion, hard work and authentic interactions that help to uphold the reputation this institution was built on.

X and XII Results:

The students of Class X and XII have showcased a tremendous execution of hard work with 100% results in the CBSE Board Exams. 68 students had appeared for the 12th Board Exam and 13 students have secured above 90%.

A total of 96 students appeared for the 10th board exams, and 83 students scored first division.

The philosophy of personal attention, regular assignments, motivation, proper guidance and counselling along with remedial measures have indeed brought us outstanding results in the board examination. The management, Principal and faculty members are proud on this great achievement and congratulations to all students and their parents who left no stone unturned to support us and their children.

Training, Seminars, Orientation and Counselling:

Training, seminars and orientation programmes were conducted for teachers and students to improve and implement innovative ideas in teaching learning practices as well as to take the students beyond their current level of learning. This year too teachers participated in all the mandatory workshops by CBSE as well as from other important webinars and workshops were also conducted. Teachers attended workshops on NEP 2020, Financial Management life skills, Financial Literacy and use of Tools, Protection on Children from Sexual Offences (POCSO)

Parent Teacher Meetings

Parent Teacher Meetings were conducted during the academic session to appraise parents about their wards' performance and discuss how we can, hand in hand, help make our students better learners and good citizens. Apart from these meeting, all teachers and the office were in constant touch with the parents and students, keeping a watchful eye all the time and ensuring we were there for our students.

Competitions and Achievements

“Real learning comes about when the competitive spirit has an ambitious desire.”

Competitions and academic activities encourage and foster a healthy and competitive spirit. The activities were conducted at classroom level, school level and inter-house level.

Our students also participated in competitions organized by CBSE as well as other organizations and schools and have won many accolades and prizes.

Olympiads are given due importance and students are encouraged to actively participate. More than 433 students participated in the Hindi Olympiad and brought laurels to our school

Celebrations and Special Assemblies:

Celebration of festivals is celebration of life. Celebration of festivals both religious and national, goes a long way in making our students more tolerant, sensitive and respectful towards India's diversity. Festivals like Diwali, Dusherra, Christmas, etc and national festivals like Independence Day, Gandhi Jayanti and Republic Day were celebrated with much enthusiasm. We have special assemblies as a way of beginning the day with a new vigour, wisdom and knowledge. Days with significance are always celebrated to help the students understand its relevance.

Co- Curricular and Extra-Curricular Activities:

Every activity in school life plays a significant role in a child's development. Co-curricular activities are an essential part of school life as they help to enhance the learning process of the students through these activities, we strive to bring in social skills, intellectual skills, moral values, personality progress and character appeal in our students. Various competitions like drawing, creative writing, magazine cover page designing, poster making, solo song and dance were conducted. Events like physical fitness activity, yoga activity, rainy day van-mahotsav week and variety of activities related to the objective to keep the students informed and entertained at the same time were organized by the school.

Evaluation of Teachers:

For the proper planning and implementation, regular staff meeting and weekly co-ordinator's meeting were arranged. The evaluation of the performance of teachers were done by the Principal, Vice-Principal and the Co-ordinators for the betterment and enhancement of teaching methodologies. The Principal meet every teacher of the school personally to discuss all the matters concerning both personal and professional. The core committee of the sister met regularly for planning and taking decisions concerning the improvement of the school facilities and the quality of the class.

Conclusion

Innovation is the change that unlocks new value which leads to success.

The School continues to strive towards innovation and for that the latest practices in the field of education are being continuously incorporated. We build upon our many accomplishments across our campus with the support of our management.

We hope to move forward with our priorities, innovation in our educational programmes, intellectual ambitions and globalization in education.

“Inspiring to Reach Beyond”.

SR. VALSA JOSEPH

Principal
